
Hourly Graduate Assistant Position: We are running a [REU](#) program this summer. A hourly graduate assistant is required to assist with organization and planning of the logistics of the REU summer program, including social activities and tours. The person will also be responsible for chaperoning and mentoring the REU students, so this may require occasional night and weekends. Experience with planning summer programs is highly desirable. Familiarity with one or more of the following tools is a plus: Python, C++, Unity3D, Javascript, Matlab, Java. This is a temporary summer position paying \$14 per hour starting May - August 2017 and working up to 28 hours per week. If you are interested in this position, please send your **resume** to cuviz@clemsun.edu with subject heading "REU Graduate Assistant".
